

Target Audience: Nurses & Nursing Instructors

Effective Date: September 1, 2020

Location(s): Farmington Hills Grosse Pointe Royal Oak Troy

Overview: **Both nurses and nursing instructors have access to the oneChart In Basket.**

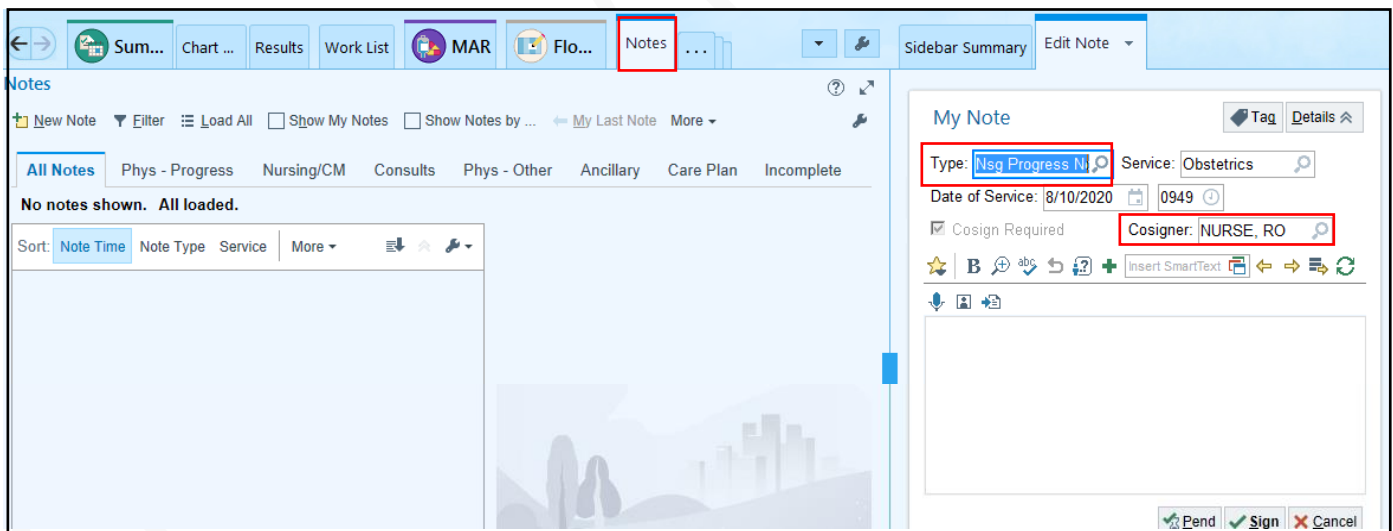

How it Works:

Nurses and nursing instructors have access to In Basket, they will be able to review, attest and cosign notes assigned to them from their students and orientees. This is to be done in addition to current co-signing measures (i.e. .gn SmartPhrase and Flowsheet Co-Sign Report).

All undergraduate nursing student documentation must be cosigned. This is a regulatory requirement and must be done by the end of the current clinical day.

Nursing Students- Selecting a Cosigner

1. Select the note **Type**, the **Cosigner** field will automatically display.
2. The name of the student's instructor whom they selected for their last documented note will automatically populate in this field.
3. To change the Cosigner, type in their last name and then click search (magnifying glass icon) to add the name.
4. Sign the note, the note will be routed to the selected cosigner's In Basket.
